

OUR MISSION STATEMENT

We provide Christ-centered therapeutic services for hurting families and individuals through our counseling center and outreach programs. Our goal is to equip families with life skills required to live a productive and healthy life, empowering families and individuals to rebuild and maintain Godly relationships through practical biblical guidance and clinical experience.

ABOUT US

Since opening our doors in 1998, we have served over 200 families (around 500 people including youth, parents, step-parents, grandparents, and siblings) within in and around Wake and Johnston counties. We currently offer therapeutic services through our counseling center and community outreach programs for children, teens, young adults, and parents, as well as a residential program for girls aged 12-17. We believe in the reconciliation and new life offered to families through the work of Jesus Christ. Our hope is to provide our community with multiple services in which this message of redemption through faith can be shared in real and practical ways, with the guidance of biblical counseling and clinical excellence.

EQUIPPING PARENTS

God has ordained parents in their roles as leaders and shepherds of their families, and we believe that His desire is to equip them by His word and through the power of the Holy Spirit to build children up, to edify them through effective discipline and teaching, and to be models for the love of God in their families.

We have been providing our counseling center families with our 8-part course on Family Life Training for over 15 years, and have found it not only useful, but essential to their family growth and counseling work.

We are pleased to offer this course as a 1-day workshop to the parents of your church, and in the comfort of your facility!

COSTS

The cost of this 1-day workshop includes:

- **One full day of teaching and skill building**
- **Materials for every family**
- **Lunch and snacks during breaks**
- **Practice through role play & demonstration**
- **Discussion**

Costs will vary based on the diverse needs and size of your event. Our goal is to offer the workshop at a cost that your families can afford and to provide a quality product through the materials, teachings, and hands-on exercises that meets or exceeds the value. We would love to talk to you more about an individualized quote for your organization's needs.
